## Projects

### E-Learning Platform

JavaScript, React.js, Redux, Bootstrap, Axios

Centralized Platform for learners around the world

Github - harshadbhosale21/onlinelearningplatform

- Developed an e-learning platform leveraging Javascript, React and Bootstrap to create an interactive user experience.
- Implemented secure user authentication using Axios for API handling, ensuring data integrity and user privacy.
- Seamlessly integrated modern web technologies to deliver a dynamic and engaging educational platform.
- [educonnecthb.netlify.app](#)

### e-Commerce Platform

React, Redux, Bootstrap

Online Shopping Platform

Github - harshadbhosale21/eCom

- Developed a dynamic e-commerce platform using React, ensuring seamless user experience and responsiveness.
- Utilized Redux for state management, improving application scalability and performance.
- Implemented dynamic product displays and personalized recommendations to optimize sales and user engagement.

### Restuarant Website

JavaScript, React, Bootstrap

Restuarant Portfolio and Online Booking/Ordering

Github - harshadbhosale21/Resto\_Web

- Designed and developed a responsive restaurant website using Bootstrap, ensuring a visually appealing and user-friendly interface.
- Implemented online reservation system allowing customers to easily book tables, enhancing user experience and operational efficiency.
- [restowebhb.netlify.app](#)

## Education

### Pratibha College of Commerce and Computer Studies

Chinchwad, Pune

B.sc Computer Science

2020 - 2023

- 8.65/10

## Certifications

### FreeCodeCamp

Remote

- JavaScript Algorithms and Data Structure (Beta)
- Backend Development and APIs
